

Our residents are inspired to succeed, motivated to achieve and determined to surpass expectations.

Creative Living provides housing and support to physically disabled individuals. We operate two apartment complexes designed specifically for wheelchairs located adjacent to The Ohio State University. Intercom and emergency systems are monitored 24/7 by a Resident Assistant whose primary purpose is to respond to resident needs – whether to remove a jacket, reach a book or help transfer from bed to wheelchair.

Resident Assistants help with the little tasks in life that many of us take for granted.

Locking a door, transferring from chair to bed, getting a glass of water, putting on a hat, emptying a leg bag

It takes over \$290,698 to fund the Resident Assistance Program. While our residents pay approximately one-third the cost, the rest must be raised from community support.

We host four events each year – *Bouquet of Flavours* wine-tasting, *Creative Living 5k Run/1 mile walk*, *Creative Living Golf Classic* and *Brew Review*, a night of craft beer tasting. We also need and appreciate the in-kind support and services from our community, including wonderful volunteers.
